IMPORTANT MESSAGE FROM ASPH SECRETARY – DEBBI COMBS

Since ASPH has switched to MailChimp as our website provider, I have had some difficulty in receiving some of your announcements that you needed posted in the newsletter. I have set up an ASPH dedicated gmail account that comes directly to me so that hopefully I receive your messages and can then post them. The new email is asphsecretary@gmail.com. MailChimp will still host the ASPH website and you will receive your monthly newsletters through them.

If any ASPH member has an announcement that needs to be sent to the membership, email it to asphsecretary@gmail.com and I will email it out to the ASPH contact list. I will do this several times through the month as your needs arise.

Please understand that this is only meant for hypnosis related announcements – classes, events that can help you build your business, hypnosis office space, etc. Also, I do need your announcements ready so that I can just cut and paste them either into the newsletter or email.

You can still send your info to the old email address, and I may get it. I might not though and I then do not even know that you have sent me your announcement and so it will not be posted.

I do not think that sending your messages to info@hypnosisaz.com for Tom Hajek – ASPH Treasurer has been affected. Tom is taking care of your “Holiday Party” reservations.

I am sorry for this inconvenience. I just do not know what else to do about this situation.

Message for ASPH Members from Lewis Heller

A synonym for hypnosis is direct communication. So let me be clear, should you choose to let me direct the course of ASPH for the next year.

I will work closely with the leadership team to make your experience and education the best possible.

This can be something as simple as making sure that we have a wireless microphone and speakers so everyone can hear what is being said during actual hypnosis interactive work.

Speakers and topics will be chosen that will provide the greatest appeal and serve our membership.

As all others have in the past, I will make myself available for any input you may have to increase the value of our meetings.

I will bring structure and organization within the meetings. - If we are having a 2 hour meeting, let's have something valuable occurring for the entire 2 hours. We should be following an agenda and if the agenda is completed early, the meeting should end and those wishing to continue to socialize can do so. If the topics and speakers are highly engaging and keeping your interest, going over the time allotted would be permissible.

There should be 30 minutes set aside before the meeting when people can meet and discuss cases. I would be happy to make myself available to come early as I am sure others would be as well.

If you want to meet and mingle with fellow members, we should be doing that before or after the meeting. I think it would be nice to welcome a new or prospective member and acknowledge their attendance and give them applause for their interest in our organization. I doubt a new person will remember very many names as we introduce our self unless they took the mega memory training. I would forego the time spent going around the room introducing ourselves.

Second, the energy at times has been low with the meeting. This could be a function of the speaker, the topic, the meeting room or the President running the meeting. I will do my best to bring more energy into the meetings and look to make modifications in these other areas to create a more energetic atmosphere.

The above may not be comprehensive, but these thoughts do represent my focus and intentions in leading the organization next year.

If you are in agreement and wish to vote for me, I truly appreciate your support in making things happen. A reminder, none of the above is in stone, but it is my starting point.

If you are not in agreement, then please support Robert. He is a dear and valuable friend and is much appreciated for the decades of work he has done for this organization.

Be well,

Lew Heller
