**Linda Bennett, Ph.D., CCHt., LC**

Linda is certified as a Clinical Hypnotherapist and Board Certified Hypnotherapy Instructor and a Life Coach.

Linda has been recognized by her peers and students as an innovator in education. She has been recognized for "Outstanding Creativity in the Classroom" and she was recognized for Outstanding Clinical Contributions by the National Association of Transpersonal Hypnotherapists.

Linda is the author of numerous Hypno-therapeutic CD's and two script books for Hypnotherapists and Life Coaches.

### **Spirit Attachment**

Unlike exorcism, **Spirit Releasement** comes from a position of compassion, not confrontation. **Spirit Releasement** aims both to free the client and to assist the attached spirit to continue its evolutionary journey. Past Life Therapy and Soul Retrieval, as well as being established therapies, are often usefully combined with **Spirit Releasement Therapy**.

**Spirit Releasement** is a therapy, not a rite. **Spirit Release Therapy** dates back to antiquity. Virtually all cultures and religions address the issue of discarnate beings of various types influencing living people, healers who have found it effective where other methods have failed. As man's understanding of the enormous influence and power of their higher energy fields is "authenticated" by modern methods of scientific measurement, and as preventative medicine grows, the importance of clearing foreign psychic energies will be commonly accepted.

Physical or emotional stress can leave you vulnerable to unwelcome negative energies which attach at a subtle vibrational level and can then influence your health, personality and behavior. A Lost Soul may well bring with it the physical symptoms it experienced at the time of its death. The practitioner and client need not hold any particular religious belief to participate in this form of treatment.

Stay in the possibilities!

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires" Ward
