Helga T. Faldich's Presentation

"Sound Healing"

Helga will be speaking about Sound Healing. She then will give a meditation and include sounds from a very powerful, large temple gong, a Quartz crystal bowl and other objects that she has bought over the years. Sound Healing has been used for thousands of years in many different cultures and with many people. Chanting also is another version of sound healing. Please come to enjoy this wonderful evening.

Helga T. Faldich's Bio

Helga T Faldich has been a member of NGH, IMDHA since approx. 1993. At this time she is a member with the ASPH, she joined approx. 7 years ago. Helga also is a Reiki Karuna Ki, a Seichim Master and a Minister.

Thank you Lew and Donna Heller and Sandi, Kim, and Davis Graves

Our ASPH president, Lew Heller and his wife, Donna hosted a spring party for ASPH members at their home on Saturday, March 28th. Sandi Graves and her husband, Kim and their son, Davis performed the entertainment for the party.

The party was catered by Pita Jungle with an assortment of vegetarian and non-vegetarian foods and Lew grilled hamburgers and hot dogs for those who wanted them.

The food was really good and there was plenty of it. Everyone's diet was taken into consideration so all attending should have left satisfied.

The music was excellent. Sandi and her family are all talented musicians and played and sang several different styles of music.

Thank you again Heller's and Graves's for your contributions to a very enjoyable Saturday afternoon.

Hey Fellow ASPH Members,

I wanted to make you aware of an amazing conference that is coming up for hypnotists... I'm talking about the Heartland Hypnosis Conference. It will be held from May 1st-3rd in St. Louis, MO. There will be presentations for clinical hypnotists as well as stage hypnotists delivered by some of the leading authorities in the field of hypnosis. There will even be presentations open to the general public for them to learn more about our profession and it's many benefits. I am pleased to announce that I will be one of the presenters at the conference. I would love to see some of you join me in St. Louis for three days of non-stop hypnosis learning. If you aren't attending any other conferences this year, or you haven't ever attended a hypnosis conference, this would be a fantastic opportunity to rub elbows with some of the best hypnotists and hypnosis teachers out there.

For more information, please visit www.heartlandhypnosisconference.com .

ADDICTIONS, CREATIVITY AND THE PATHWAY TO HEALING USING HYPNOSIS

The definition of an addiction is a pathological attachment to a mood altering experience that has life damaging consequences. A sure sign of an addiction is the motif of self-deception. Brain imaging continues to discover variance in neuro-chemical, and neuro-functioning that underline a vulnerability to develop compulsive behaviors and dysfunctional use of addictive substances. The brain regions impacted by stress and addictions are: prefrontal cortex, cingulate, hippocampus, amygdala and the parietal lobes. Through hypnosis, the energy can be directed to find creative expressions rather than being entangled in the dark web of addictions and medusa energy. Special emphasis will be placed on addictions to refined carbohydrates based on Dr. Oren's presentations in Israel and Poland.

The goals for the workshops are:

Identify the signs and symptoms of the addictive dance.

1. Learn how to train your brain to think like a sober person and break the pain chain response of the addictive cycle.
2. Learn how to integrate hypnosis to embark on the journey of sobriety, and obtain and maintain your ideal weight for life.

Cost: \$177.00 for one day. \$300.00 for the two days. The cost DOES NOT include continuing education units.

To register for the training, contact Dr. Oren @ dr.ilana@cox.net

MESSAGE FROM KATE ELLIS

Dear Esteemed members of the ASPH,

As many of you are aware, I have created a professional lending library for the ASPH. Recently, going through a donation, I came across Pattie Freeman's book, and a couple other ASPH members and thought it would be an extra special touch to have a section of the library dedicated to those who have become authors, such as Lew Heller, and Sam Sterk as of recent.

I am asking any member, current, past to consider contributing a signed copy of your book (s). Please contact me with your considerations. Now, it does not have to be a book on hypnosis per se, this section of the library is special celebrating our member's accomplishments within and beyond hypnosis.

I am seeking books on hypnosis and related fields, as well as audio/video/dvd/cd learning tools. Please let me know if you or any of our other colleagues would like to donate their beloved materials. I am particularly interested in Elman books and NGH Conference CD's, I would appreciate anyone who has previous conference CD's to perhaps even donate copies... just a thought.

I look forward to hearing from you. If you have any questions, please feel free to call or write. I am available from 11-11 every day.

Additionally, you can bring your donation to the next meeting to make it easy. I suggest placing a book plate with your name as well with your own book for posterity as well as any other books you may like to contribute for the continuing education and enjoyment of our growing membership.

It will be ready this Spring exclusively for ASPH Members Only.

**Many of the challenges of the past, such as some students are at the very beginning of their Quest and others very advanced.**

**This year's event I will be forwarding (as soon as you sign up) quite a collection via hyperlinks, etc. to some of the most brilliant minds in the field, so that by reviewing – on your own time, the forwarded material before the Training actually begins you should be able to rapidly advance smoothly after understanding the very underpinnings of applicable 'Quantum Source Integration Therapy' to the practical applications we will share and develop.**

**First of all, what is this Training Program, and what kinds of people are involved with it? At its core is a group of people dedicated to a few simple principles. We see that it is apparent that there are two distinct groups of people on this Planet: First, those who believe and accept that they are**

Response-able for the creation of their own reality, and Second, those who believe that they are just victims of circumstance, society, others, government, church, karma etc.

We fall into the first group, a group that believes that there are no victims, only volunteers. We teach and share through the practice of Quantum Hypnotherapy with its compliment of Manifestation and Creation, literally How to Make Room for a Dream in your present reality.

We understand that one of the most difficult processes in life is the transition from victim to Co - Creator. This is the path of destiny on the highway to heaven that is often strewn with the pieces of Broken Hearts, Broken Dreams, and Broken Promises. It is the path often filled with diseases, such as Fear-- Fear of success as well as failure, Fear of never being good enough, Fear of a future filled with the agony of Hopelessness, Powerlessness, and Helplessness. We call them the Less Triplets. You will also meet the Two Crazy Aunts ----- Rome - ance, and Fine - ance, and other special family of origin adventures you might recognize along the way.

This is a group that is not dogma based and has dedicated and will

continue to dedicate itself to the most advanced Scientific, Spiritual and Soulful healing processes available. These are the types of processes that open up the Window of the Soul to expose the truly Loving and Wise essence within the Heaven of the Heart. We practice a therapy that is 'Source' based, where true self empowerment begins by accessing the 'Source' within and then resolving the 'Source' of the problem or issue at hand. This process creates a more permanent solution to the problem as opposed to the many short - term solutions that seem to be offered today.

We believe like one of our greatest presidents,  
Theodore Roosevelt, who stated it so masterfully;

"Life is not a race, but a journey to be savored each step of the way. It is not the critic who counts; not the man who points out how the strong man stumbled or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again; who knows the great enthusiasms, the great devotions; who spends himself in a worthy cause; who, at the best, knows in the end the triumph of high achievement, and who at the worst, at least fails while daring greatly, so that his place shall never be with those timid souls who know neither victory or defeat."

The training, suggested to be taken sequentially, is divided into

two Weekends - both individual, self-contained program's

Beginning with:
